# BUCKS COUNTY RACQUET CLUB

## FALL 2009 QUICKSTART PROGRAM

Sept. 9 to Dec. 5 ■ 12 Week Session ■ Ages 4-8

2 Levels: Young Stars & Shooting Stars

### THE PROGRAM

The USTA (United States Tennis Association) QuickStart program is an exciting teaching format designed to bring kids into the game by utilizing specialized equipment such as low-compression tennis balls, shorter court dimensions, racquets and nets as well as modified scoring all tailored to age and size (ages 8 and below). It's the fast, fun way to get kids into tennis--and keep them playing!

**The Young Star level** is designed for kids ages 4-6 who have little to no tennis experience. They play on a 36 ft. court surface to enhance their ability to learn in a realistic tennis environment. **The Shooting Stars level** is designed for kids ages 6-8 who also have little to no tennis experience, however, they utilize a 60 ft. court surface.

These basic court modifications work because any child between these ages can start playing tennis immediately--even if they have never picked up a racquet before! The QuickStart method stresses the importance of play and team competition and this directly translates into your child having fun playing with their friends and developing skills that will become the foundation for their game.
