

# BUCKS COUNTY RACQUET CLUB

## 2010 Young Star Tennis/Art Camp

**Ages 4-7 • Mon/Wed/Fri – 9am to 12pm • \$145/per week  
2 hour Tennis Instruction/ 1 hour Arts & Crafts**

Your child will enjoy high energy tennis instruction specifically designed for young children by our tennis pros. We've customized our program by using larger, more cushioned balls and lowered nets to meet their age-specific needs. **We also have ALL NEW CRAFTS planned for our summer camp this year!** There will be a wide variety of art materials for your child to create something original and unique. We will talk about our art materials, their different purposes, various uses and textures. We will also show them how to use found objects to create their artwork and reduce, reuse and recycle with the environment in mind. We will also discuss color theory, color mixing, art techniques, history, science & nature along the way so they are learning many new things while having fun. Each week is a different theme where we will supplement each craft with a lesson, story or a picture book to get your child's creativity flowing. This camp program promises to spark your child's imagination and unique creative spirit!
